

Duke University Health System Benefits Overview: Exempt 2016

We are pleased to provide you with information about your benefits at Duke. Our organization is rich in heritage and is proud of its work. While your pay is readily visible, the value of your employee benefits is often overlooked. These benefits add great value to your total compensation package, more than you may realize.

Here is a brief summary of some of the benefits that Duke offers:

I. HEALTH BENEFITS

Medical Insurance

Duke offers four options for coverage; Duke Select, Duke Basic and Blue Care, which are open access HMOs, and Duke Options, which is a Preferred Provider Organization. Duke's medical plans are considered "grandfathered" under the Patient Protection and Affordable Care Act (otherwise known as National Health Care Reform). You have the benefit of paying premiums with before-tax payroll deductions. You may choose for your coverage to begin on the first of the month following your date of employment.

Your Options

- **Duke Select** is an open access Health Maintenance Organization, or HMO. If you choose this plan you must receive care from a participating physician. However, you don't need a referral from your primary care provider to see a network specialist.
- **Duke Basic** is an open access Health Maintenance Organization, or HMO. If you choose this plan you must receive care from a participating physician. However, you don't need a referral from your primary care provider to see a network specialist.
- **Duke Options** is a Preferred Provider Organization administered by Blue Cross/Blue Shield. You may choose to use in-network or out-of-network providers. Your out-of-pocket costs will be higher if you choose a provider outside of the network. This plan is administered by Blue Cross/Blue Shield.
- **Blue Care** is an open access Health Maintenance Organization, or HMO. If you choose this plan you must receive care from a participating physician. However, you don't need a referral from your primary care provider to see a network specialist. This plan is administered by Blue Cross/Blue Shield.

The monthly premiums for our health plans are listed on the next page.

Employee Premiums

You can choose among the following levels of coverage. Premiums are deducted from your check on a pre-tax basis. You may add, change or drop coverage during your annual open enrollment or within 30 days of a valid change in family status. A major portion of the premium is paid by Duke. Duke covers more than 80% of the employee's premium and about 50% of the dependent premium for full-time employees (working 30 hours or more per week). Monthly premiums are listed below:

DUKE SELECT (HMO) Premiums

Dental Insurance

Duke offers three coverage options administered by Ameritas Life Insurance Corp. You pay the cost for coverage with before-tax premiums through payroll deductions.

Your Dental Options

- **Plan A and B**

With Plan A and Plan B, you may visit any licensed dentist. Both plans include deductibles that must be met before coverage begins for non-preventive procedures. Plan A and Plan B reimburse participants based on the usual and customary (U&C) allowable charge for each covered service. Plan A has a higher monthly premium than Plan B, but reimburses participants more of the cost of the service. If a dentist charges more than the U&C charge, the participant is responsible for the excess charge.

- **Preferred Provider Option (PPO) Plan**

The PPO plan offers similar coverage to Plan A at a lower monthly premium for employees who use dentists within a nationwide network. The PPO Plan includes a higher maximum annual benefit than Plan A and Plan B, and lower negotiated procedure rates. These provisions can lower participants' out-of-pocket expenses when using in-network dentists.

Employee Premiums

You can choose among the following levels of coverage. Monthly premiums are listed below:

Levels of Coverage:	PPO	Plan A	Plan B
Employee only	\$38.44	\$42.11	\$12.18
Employee + Child	\$74.71	\$81.80	\$24.82
Employee + Spouse	\$76.93	\$84.25	\$24.37
Family	\$116.46	\$127.55	\$45.24

Vision Insurance

While Duke's medical plan provides coverage for annual eye exams, Duke is pleased to offer a nationwide vision care plan to manage that cost of eyeglasses and contact lenses, as well as eye examinations.

Monthly premiums are listed below:

Vision Premiums					
	Employee	Employee/Child	Employee/Children	Employee/Spouse	Family
Plan Premium	\$9.66	\$18.49	\$19.46	\$18.50	\$29.97

Reimbursement Accounts

This plan allows you to make before-tax contributions to a health care reimbursement account and/or a dependent day care reimbursement account. When eligible expenses are incurred, you use the before-tax money in your account(s) to reimburse yourself. As a result, you pay less in total taxes. Duke offers a health care card that will pay for most eligible expenses at the point of sale using funds from an employee's health care reimbursement account. The health care card works similar to a debit card.

If you choose to participate in the account(s), your contributions will be eligible to reimburse your qualified expenses through the end of the plan year on December 31. You can carry over up to \$500 of an unused balance in the health care reimbursement account into the next plan year.

The minimum/maximum annual amount you may contribute to the reimbursement accounts are listed below:

Reimbursement Account	Minimum Annual Limit	Maximum Annual Limit
Health Care	\$130	\$2,550
Dependent Care	\$130	\$5,000

II. RETIREMENT BENEFITS

Retirement Plan

Faculty and Staff Retirement Plan

This 403(b) retirement plan allows you to build retirement savings by contributing before-tax and/or Roth after-tax payroll deductions to a wide range of investment choices. Generally, faculty and staff paid monthly are eligible for the Duke contribution after completing one year of service and reaching age 21. The one year waiting period may be waived if your hire date with Duke is within 90 days of your date of termination with your immediate previous employer and you were receiving vested employer contributions. Your immediate previous employer must be a 501(c)(3) organization or a state educational organization. Newly hired employees are vested in Duke's contribution after completion of three years of service.

For 2016, the Duke contribution is:

**8.9% of the first \$59,750 of salary, and
13.2% of annual salary in excess of \$59,750
up to a statutory salary limit of \$265,000**

Post-Retirement Medical and Dental Coverage

Newly hired employees are eligible for retiree medical and dental coverage at the full premium rate once they have completed 15 years of service after age 45.

III. BENEFITS YOU RECEIVE AUTOMATICALLY

Duke provides the following benefits free of charge. You receive these benefits automatically.

Employee Tuition Assistance Program

The Employee Tuition Assistance Program will reimburse full-time staff with two or more years of full-time service for up to \$5,250 per calendar year for tuition related to an employee's job and/or continued career growth at Duke. The benefit can be used for up to three classes per semester or quarter at any higher education institution in North Carolina that is accredited by the Southern Association of Colleges and Schools.

Employee Life Insurance

You are automatically covered by \$10,000 Basic Life Insurance and \$10,000 AD&D. In the event of your death while you are an active employee, Duke also provides a death benefit to your spouse or estate. The benefit is equal to one month's salary for each year of full time service, with an overall maximum of six months' salary.

Travel Accident Insurance

You are covered automatically by this insurance when traveling out of town on Duke business — up to \$200,000 in the event of accidental injuries resulting in death, dismemberment, or loss of hearing/sight, and up to \$5,000 for related medical expenses. The plan also provides a \$5,000 benefit when a covered person suffers a covered loss at any time while insured by this policy.

Duke Disability Insurance

As a Health System staff member who works at least 30 hours per week, and has three (3) years of full-time continuous service, you may be eligible for the Duke Disability Program if you are out due to an illness or injury for more than 90 days. If approved for disability, the benefit pays 60% of the staff member's salary (up to \$25,000 per month). If you had an employer-sponsored long term disability plan within 90 days of full-time employment at Duke, you are eligible to waive the normal three-year waiting period.

Paid Time Off

Duke University Health System (DUHS) recognizes a staff member's need for flexibility in scheduling personal time off to meet family needs and to balance work and family life. Each DUHS staff member has access to PTO accrual banks for the purposes of taking time away from work. PTO incorporates vacation, sick leave, holiday and funeral leave into one program. There is also an annual opportunity to "cash-out" long-term PTO bank hours at 50% of your current base pay.

The chart below shows the number of hours (or days) accrued based on a full time staff member working 2,080 hours per calendar year.

Accrual on Scheduled Hours for Monthly Paid Staff Members				
Years of Completed Service	Expected Annual Days Earned	Expected Annual Hours Earned	Hours Accrued Per Pay Period	Days Accrued Per Pay Period
Less than 4	35	280	23.33	2.91
4 or more (beginning at 49 months)	40	320	26.66	3.33

Personal Assistance Service (Employee Assistance Program)

Employees and their families are eligible to receive free, confidential professional assistance in resolving a broad range of personal and family problems. Contact PAS at 919-416-1727 for additional information.

Live for Life and Duke Fitness Club

LIVE FOR LIFE is a comprehensive health promotion program to support you in your goals toward better health and fitness. The Duke Fitness Club is a network of fitness centers throughout the area who offer Duke employees discounted rates and convenient payroll deduction.

Paid Parental Leave

In order to assist and to support new parent relationships through its leave policies, Duke provides Paid Parental Leave. To be eligible for Paid Parental Leave you must be a benefits staff member working 30 or more hours per week after a year of employment. This leave provides three consecutive weeks of 100% pay to the parent serving as the primary care giver following the birth or adoption of a child, after you have completed a three week waiting period.

Child Care Resources

Duke offers an on-campus child care facility through the Duke Children's Campus. In addition, the Duke Child Care Partnership provides priority placement at over 30 area child care centers for parents at Duke.

IV. OTHER VOLUNTARY BENEFITS

Duke also offers the following voluntary programs with premiums paid through payroll deductions.

Personal Accident Insurance

This program provides a single lump sum amount in the event of accidental death, dismemberment or permanent total disability. You may select benefit amounts from \$50,000 to \$750,000 in multiples of \$10,000, but not exceeding 10x your salary. Individual and family coverage is available.

Supplemental Life Insurance

You may choose supplemental term life insurance for yourself, your spouse, and your dependent children through this plan. With this optional coverage, you can supplement your Duke-provided Employee Life Insurance. You pay the full cost for coverage through payroll deductions.

Universal Life Insurance

You can purchase this life insurance for yourself and your dependents.

Personal Casualty Insurance

You can purchase automobile, homeowners/renters, and excess liability insurance through this plan. The premiums for the coverage you select will be deducted from each paycheck. The program is offered through Mercer Voluntary Benefits' Auto and Home Insurance Benefit.

Voluntary Short Term and/or Long Term Disability

Voluntary short term disability insurance provides staff with a work schedule of at least 30 hours per week with partial income protection in the event of disability. There is a four week waiting period before disability benefits become payable after the onset of a disability and benefits are payable up to a maximum of twenty-two weeks following the onset of disability. Conditions for which you received medical care during the 12 months prior to your coverage date are eligible for a maximum benefit of two weeks. A voluntary long term disability is also available. There is a twenty-six week waiting period before disability benefits become payable after the onset of a disability under the long term disability plan.
